RE: REACH Compliance

Dear Customer:

Kaiser Aluminum completed the registration of Aluminum effective 11/30/2010 (Registration Number 01-2119529243-45-0148) and Zinc effective 05/24/2013 (Registration Number 01-2119467174-37-0082). In addition, Kaiser Aluminum completed the pre-registration of all of its product substances on or before the December 1, 2008 deadline established under the REACH regulations, (EC) n°1907/2006. Kaiser is in the process of completing final registration for those substances that are required to be registered by 05/31/2018. Kaiser Aluminum France, SAS 23 rue du Roule, 75001 Paris is the Kaiser legal entity for REACH registration. Kaiser's UUID is ECHA-c968118c-7e70-4237-9ece-6c1ccd846279.

Kaiser Aluminum has been a member of the aluminum REACH Consortia since its formation in 2005. In accordance with the time tables established by the regulations Kaiser Aluminum is pursuing full REACH Registration of all relevant substances. Kaiser products do not contain substances of very high concern (SVHC) as currently listed by ECHA and comply with any use restrictions for substances listed in Annex XVII of the REACH Regulation.

Should you have any questions, please do not hesitate to contact Kaiser Aluminum.

Sincerely,

J. Roger Crawford, VP EHS (REACH Contact)
